Vol 1

Issued 12/15/97

Revised 01/16/98

**FOLLOW-UP SERVICE PROCEDURE  
(TYPE R)**

**VALVES, THERMAL EXPANSION PRESSURE RELIEF  
(VQDI)**

Manufacturer: UNITED BRASS WORKS INC  
(728811-001) 714 S MAIN ST  
RANDLEMAN NC 27317

Applicant: SAME AS MANUFACTURER  
(728811-001)

Listee: SAME AS MANUFACTURER  
(728811-001)

This Procedure authorizes the above Manufacturer to use the marking specified by Underwriters Laboratories Inc. only on products covered by this Procedure, in accordance with the applicable Follow-Up Service Agreement.

The prescribed Mark or Marking shall be used only at the above manufacturing location on such products which comply with this Procedure and any other applicable requirements.

The Procedure contains information for the use of the above named Manufacturer and representatives of Underwriters Laboratories Inc. and is not to be used for any other purpose. It is lent to the Manufacturer with the understanding that it is not to be copied, either wholly or in part, and that it will be returned to Underwriters Laboratories Inc. upon request.

This PROCEDURE, and any subsequent revisions, is the property of UNDERWRITERS LABORATORIES INC. and is not transferable.

UNDERWRITERS LABORATORIES INC.

A handwritten signature in black ink that reads 'S Bhatia'.

S. Joe Bhatia  
Vice President, Follow-Up Services

LISTING MARK

The Listing Mark consists of four elements placed in close proximity and shall appear on Listed products only. Minimum size is not specified, as long as the Listing Mark is legible. The following is suggested.

XXXX = The control number assigned by UL, 12BL.

The minimum height of the registered trademark symbol ® shall be 3/64 of an inch. When the overall diameter of the UL Mark is less than 3/8 of an inch, the trademark symbol may be omitted if it is not legible to the naked eye.

The product identity is: "THERMAL EXPANSION PRESSURE RELIEF VALVE" or "THERMAL EXPANSION RELIEF VALVE".

The product identity may be omitted if the Mark is directly and permanently applied to the product by stamping, molding, ink-stamping, silk screening or similar process. The product identity may appear elsewhere on the product if the other three elements are part of the nameplate which includes the rating or the catalog or model designation.

Separable Listing Mark (not part of a nameplate and in the form of decals, stickers or labels) will always include the four elements.

The complete four element Listing Mark will appear on the smallest unit container in which the product is packaged when the product is of such a size that only the UL Symbol can be applied to the product or when the product size, shape, material or surface texture makes it impossible to apply any legible marking to the product.

The manufacturer may reproduce the Mark or obtain it from a UL authorized supplier.

L I S T I N G M A R K

APPLICATION-OPTIONAL:

At the manufacturer's option, some products because of their size, shape, or material, make it virtually impossible to incorporate any form of the Listing Mark on the product and are, therefore, exempted from complying. The complete four element Listing Mark will be required to appear on the smallest unit package containing these products.

APPLICATION-ON PACKAGING:

The complete four element Listing Mark composition shall appear on the smallest unit package if the complete four element Listing Mark does not appear on the product. This may be in the form of a separable Listing Mark.
